

Looking For Mr. Clean. It would make me
glee to lather up with you. Tidy

Spring Is Here. Where are you? Petite, perky
and wishes to bloom with the care of a pro-
fessional gardener. Maybe we can blossom
together. Don't heave loam without me

Exceptional. He must be too—One of the
most beautiful, charismatic, glamorous class
women in NYC seeks dynamic man who can
enjoy it all. Will re-locate if necessary

Double Feature—Act now for the possibility
of sharing unique chemistry with one of two
brothers. We are both successful and fortunate
to be great looking, possessing pervasive sense
of humor, love of life and comes from money
