San Diego, California

My dear Miss Mistral:

Zonta International now has one hundred fifty six clubs with a membership of about fifty five hundred in the United States and abroad.

You may not be familiar with the fact that Zonta Clubs are composed of professional women and women executives who are organized to render international service.

Zonta International is now seeking an international project which satisfies the following questions:

1. Does it appeal equally to north, south, east and west?
2. Is it timeless?
3. Will it be as worthy of support ten years from now as it is today?

This letter is being sent to a few men and women of world-wide vision in order to secure opinions upon which to base a recommendation at the annual convention of Zonta Clubs. This convention will be held in June, 1946 at Swampscott, Massachusetts.

It will be appreciated if you will suggest an international project and forward same in the enclosed addressed and stamped envelope.

Very truly yours,

Ethel Cook Carpenter
