Re: Heidelberg - Dutch edition of Gabriela Mistral poems

Dear Doris,

I find myself at a loss to specify which copyright line the Belgian publishers should print in their Mistral edition.

If the situation were less complicated we simply would tell them to first run the wording of the original copyright covering the basic material (i.e. the original poems as first published and copyrighted). To this they could add a line copyrighting the translation in their own name.

With the whole situation being as complicated as it is I think I had better leave this to you and I am sending you enclosed a list of the poems which Heidelberg will be using. Don't hate me.

Yours,

Tuan.
