

December 18, 1966

Dear Jorge,

On December 15th I sent you a second envelope of photographs and three poems from the unpublished LAGAR. This hasty note to you is to list them for you, and to request that when you are through with them, you return them to me as well as the copies of the eleven prose articles I sent you. Later you could return everything through the Diplomatic Pouch in order to save ORFEO the costs -- or if it should work out that you can get me to Chile in January, you could return the material to me then in person. - *Ojala!*

The second envelope contains:

Electra en la Niebla
La Liana
