Dear Dr. Bou:

It is with much gratitude that I received the two volumes of "Ninos y Alas". These anthologies were planned and executed in excellent taste, and I think they are a valuable contribution to the literature for children, a field which has been all too often neglected. I was most happy, naturally, that Gabriela was so well represented in these books, and I know she would have been happy.

In accordance with your instructions, I am enclosing a statement in triplicate of the amount which is owed to Gabriela's Estate, for the granted permission to publish these poems. This is all as per our agreement in previous correspondence.

I thank you again for the books, and also for all your kind courtesy and thoughtfulness.

With sincere best wishes,

Doris Fane, Executrix
