Barnes Foundation
300 North Latches Lane
Merion, Pennsylvania

Dear Miss DeMazio:

I am writing you to know if the Barnes Foundation would be interested in seeing a small bronze plaque done by Jacques Lipchitz. This plaque was made by Mr. Lipchitz in France sometime around 1920 and was purchased by his good friend, the late Chilean poet, Vicente Huidobro.

This plaque is the property of Vicente's sister, Mercedes Huidobro de Duble, who lives in Chile and who has requested me to sell it for her. She has written to Mr. Lipchitz about this matter and I have visited personally with him recently for his advice. He told me that this plaque was a kind of sketch for a large bronze plaque which he made for the Barnes Foundation. For this reason it occurs to me that the Foundation might be interested in acquiring it. If the Barnes Foundation has an interest in seeing this work I will be glad to bring it down personally to Merion. I travel very frequently to Washington and it would be no inconvenience to me. May I hear from you soon.

Sincerely yours,

Doris Dana
