Dear Senor Dublé:

Thank you for your letter of November 23 which I have just now had translated.

You have given me all the information we wanted about the sculptures and I understand you will try and send them here so we can have our potential buyers inspect them. So, unless you advise me differently, I will wait until you can work this out and let me know.

Miss Dana called the other day and told me of the small Bajo Relief in bronze which she had brought up and we both agreed it would be best until we had everything together and to show them to anyone interested at the same time. It was nice of her to call and I look forward to meeting her one of these days soon.

Your information on the background of the Dublé family is certainly interesting and I wish I had the time at the present to follow up more of your investigation up here. I certainly am going to let you know if I find out anything more you would be interested in and will try and locate a picture of you and Dad to send you.

We all send best wishes for a very Happy Christmas and healthy and successful New Year.

Sincerely,

Dear Miss Dana:

Thank you for calling last week and I do look forward to meeting you one of these days soon.
