Dear Jean:

*Durán*

Thank you very much for your letter. Mrs. Durán is also requesting me to thank you for your nice letter and your kindness in sending some words to her. It was indeed a very pleasant afternoon that day you spent among us in the company of some uruguayan and chilean friends. For your records some of them were: Pedro de la Barra, Director of Teatro de Concepción; Carlos Martínez Moreno, Lawyer and Theater Critic; Angel Rama and Mrs Rama, both outstanding people in the field of literature.

After some failed attempts I finally could get some of the photos you asked me. I'm sending enclosed four negatives taken the day before Isabel Ugalde left us for a three months trip to Europe. From left to right they are: Eng. Próspero Ruiz, WHO consultant in our Project; Miss Nelly Olivera, Chief Nurse; Dr. Carlos Imaz, Director of the Program; Miss Isabel Ugalde, WHO Nurse Consultant; Eng. Adolfo Cutinella, Chief Engineer of the Program, and Dr. Hernán Durán, WHO Consultant, Chief of Project. Probably the negative marked with ink is the most suitable.

I would very much appreciate your kindness if you could send me six copies of the negative you believe is most adequate for our reports. They were taken with a very sensitive film (25° DIN) so that they are unfortunately rather overexposed and need probably some special treatment.

We are hoping to hear from you again and also hoping to see the photos you have taken in Uruguay.

Best regards from Luisa and myself. Muy cariñosos recuerdos:
