The Honorable Gabriela Mistral
c/o Miss Doris Dana
15 Spruce Street
Roslyn Harbor, L.I., New York

Dear Dr. Mistral:

President Grayson Kirk has requested me to convey to you the deep appreciation of Columbia University of your willingness to participate in the Conference scheduled for October 25-30, 1954. He has asked me to tell you that we are most anxious to have your presence and as much participation as you can afford to give us in view of the medical treatments which you are now undergoing.

As you know, we have been fortunate in securing the assistance of Dr. Alberto Lleras to help us in the planning and execution of this Conference. You will remember that there was attached to the original letter of invitation a proposed tentative program of topics to be discussed. I shall be grateful if you could let us know at your convenience the aspect of the program on which you would prefer to submit the written paper to be distributed to the other participants. You will remember that we hope to have these available by August first so that we can distribute copies to all the other participants in this great gathering.

Trusting that you will find it possible to give us some help out of the broad experience which you have had, I remain

Sincerely yours,

Richard R. Powell
