Dear Miss Daves,

Thank you for your letter of April 15th regarding our inquiry about a possible selection of works by Gabriela Mistral for an illustrated children's book.

The publisher interested is Editorial LUMEN, who do a collection called "Grandes Autores para Niños" which includes illustrated books with texts by Alphonse Daudet, Oscar Wilde, Pushkin, Selma Lagerlöf, Azorín... These are done with special care and good taste as regards selection and illustration. The house is well backed financially, and reliable for its quality.

The probable illustrator for a book with text by Gabriela Mistral would be a well-known artist here called Marcel. If you like, we shall arrange to send you a book illustrated by him, so you can get an idea of his work.

Attached, is a list of the agents and publishers whom we represent in Spain, South, and Central America, and in some cases, Portugal.

We look forward to hearing from you, with further details regarding the kind of material which could be made available, and under what conditions. Please let us know if there is any further information we can give you from this end. Under separate cover, we are sending you the Editorial Lumen catalogue.

Yours sincerely,

CARMEN DALCHILL
