

Dear Gloria Dawn -

Now that I'm actually ready to send this and the tape to you, I'm all the more aware of how more - and of the fact that I've barely "scratched the surface" (I'm sure you are quite aware of the frustrating difficulty of deciding what to leave out", and how short an hour's time is when there are so many ways you want to fill it!!

Since I hadn't realized I'd be making written notes, my initial taking at first was not as detailed as it became later; so, some of the first questions had to be re-checked and ^{corrected} written in. The notes in red may give you some idea of how the pictures tied in.
