para hacer de una cinta magnética un "acetate master" y un "stamper"
(el disco metálico que se usa para estampar):

tamaño- 12 pulgadas (cuatro minutos y media) - \$35.00
" 10 " (tres minutos) - \$35.00

Hacen el "acetate master" aquí en Washington y el "stamper" en
Los Angeles, California. Dentro de 10 días podrán tener listo
el "stamper" en Los Angeles y podrán mandarlo directamente a
Chile desde Los Angeles.

Si desde Chile nos avisamos del tamaño que quieren podemos
hacer el cálculo exacto del precio.

Dear Doris:

Very much on the fly... in order to quote exact price
we have to know whether they are going to make 10" or 12"
records. Then we have to shift the poems around so that
we make the best use of the space on the disc. (in order to
avoid cutting into a poem in the middle) For that reason
I include a list for them and for you with the time of
each poem. A little editing will have to still be done.
Send these two sheets to Tomie and have him find out
what size record they want. Otherwise I will have to figure
out for 10" and 12" which will take some time.

This is not the cheapest Company in D.C. but it is the
best...we want these records to be good.

Have you heard from the Library of Congress. Me...too
busy to call...will this afternoon.

Un gran beso altisonante al chiquitín, a la guagua,
a D.D., a G. P.

M.B.
