Dear Doris:

Andre told me yesterday that he had received the contract signed with the two year limit which I think was a wise precaution in this case.

How is your honeymoon with the green "baby" developing? I am about **FINALLY** to embark on a honeymoon with that tape recorder I have been dreaming about, no, not even one that I have been dreaming about, one that I thought was beyond my dreams, and actually is. . . but there you are. . . it will be delivered today. . . I got a very good cut on it. . . on a professional machine you usually can't get any cut but a friend of mine made a deal with the owner of the Company who was in Washington recently with a demonstration. The "baby" is a Berlomat, BR 1. Tell gm I will continue to write her life on this new machine. It will be the most super hi-fi life to date; my agents have also promised to re-record its sonorous element.

As to LAGAR, since those skinny, cheap editions of gm's other books wound her so I hope the publishing house will be able to use very good thick paper.

The Pentagon has had no luck in locating Joseph Christian Anton.

Muchos love to all -
M.B.

¿De veras quiere el chejuntin casarse
