Dear Miss Dana,

I am preparing to write a book about the most important women in the world today. Miss Gabriela Mistral will be among them, and the Consulate General of Chile has been very kind in giving me your address. I would appreciate it very much if you could co-operate with me, for, except for the fact that Miss Mistral is a Nobel-Price winner, I do not know anything about her. Do you think you could take the time to write for me a short biography of about 1000 words or so about Miss Mistral, telling me what is most important to know? You can take your time, for this project is a big one and cannot be accomplished in a few days- there is no hurry. But your co-operation would be much appreciated. If you could get hold of a picture of Miss Mistral for me, I would also be very much obliged. Thank you.

With best wishes, sincerely

Frank H. Stuckert
