

Wednesday - afternoon

Dear Jacky - darling.

Herewith the photo's you asked me for, to be enlarged. Please don't lose them, because I want to have them back.

I also enclose a photo of Queen W., whom you admire so much. Wasn't she a beauty. It is the only one I have. A souvenir of wartime, when she was in England, convincing us that she surely would come back. And she did, indeed.

Then a little photo's of your Princessita, so naive commandments you never obey, as you said you would, naughty man. You deserve a good punishment, which you will get, as soon as she gets the chance to it. They were taken in 1938 in Holland, at the time when she was remembering you quite often. Why.

Now be a good boy and let me know when we shall meet again. It has to be this week still, otherwise the consequences will be too serious. It's the Princess who commands and you can't disobey her.

Am revoir
Mary

P.S. Have you received my letter of 5th inst., which I gave to a man in the N. who was willing to hand it to you? Please let me know about it and send me a word now & then about yourself if we can't meet for some time, with you. Deal. You must understand how much this means to me, darling. Why are you so afraid for baby. For goodness sake, you are a free man. There are hundreds of better secretaries if you don't think I'm good for that work. I'm very much in need of a position. The one I had

was asking me. I wouldn't go on working till 9.30 p.m. nearly every day, it made me sick. I couldn't do it. I'm tired of my morning affairs with my lawyer. I don't let me stop complaining. I don't know if I should be happy if I don't. I'm trying to make it better. I don't know if I should be happy if I don't. I'm trying to make it better.
