1. The Commission has received information from the Government of the Republic of the Philippines that the Government is planning to conduct a series of military operations in the area of the Philippine Sea, which is a part of the South China Sea. The Commission is concerned that these operations may result in the displacement of large numbers of people, and it is therefore requesting the Government to provide information on the number of people who are expected to be displaced, and on the measures that are being taken to ensure that they are adequately protected and provided with the necessary assistance.
