1. The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets.

There is nothing yet resembling an overall consensus, however, as to what the future of international law may hold. You could see the development of national laws that would enhance the role of international law, or a new system of international law, or a new system of international law, or a new system of international law, or a new system of international law.
