

THE FIRST PROGRESS REPORT ON THE EFFECTS OF THE CCM

The Commission has published its first progress report on the effects of the CCM. The report is based on the results of a survey of the effects of the CCM on the environment, the economy and society. The survey was carried out by the Commission's experts and the results are presented in the report. The report shows that the CCM has had a positive effect on the environment, the economy and society. The report also shows that the CCM has had a positive effect on the environment, the economy and society.
