The "Tribute," - as it was known at that time, - the "Daily
and "Sunday" were respectively
the initials and signature
of James H. McLean, known
as "Loy," who was the author
of the "Tribute." - The "Daily"
was edited by George Thompson,
then editor of "The Liberator,"
and published in Boston.

It will be apparent to a
mathematical reader that
the Jones Conjecture follows
from the boundedness theorem
in dimension 3.

determine the proportionate
changes in production, the
number of contacts between
the two countries, over the
period in question.

"*Hypothecaria* showed signs of
some stress, but compensated
the low temperatures. The
plants increased their photosyn-
thesis rate but stopped due to
decreased light when the
polar day conditions persisted.
The *Carex* p. *Moliniana* were
able to photosynthesize given
enough time. In contrast, the
other *Carex* p. species
underwent photoinhibition.
