the 1990s, the number of people who have been infected with HIV has increased significantly. In the United States, the number of people who have been infected with HIV has increased from about 100,000 in 1980 to over 1 million in 1995. In the United Kingdom, the number of people who have been infected with HIV has increased from about 10,000 in 1980 to over 100,000 in 1995. In the United States, the number of people who have died from AIDS has increased from about 10,000 in 1980 to over 100,000 in 1995. In the United Kingdom, the number of people who have died from AIDS has increased from about 1,000 in 1980 to over 10,000 in 1995.

It is important to note that the use of the term "discovery" is not intended to imply that the results are new or that they have not been previously reported. The term is used simply to indicate that the results are being presented for the first time in this journal.

²²La industria pública de la cerveza me parece importante, pero en estos momentos en México, esto no es el más urgente de los trabajos académicos que hay que hacer. Véase el artículo de Ricardo Gutiérrez Rosales.

There is a lot of information about the Bosphorus Bridge, but the most interesting fact is that it was built by a woman. The bridge was designed and built by the Turkish architect and engineer, Zeynep Hanım. She was the first woman to design and build a bridge in Turkey. The bridge was built in 1916 and has since become a landmark of Istanbul.

Los miembros del grupo más reciente de la familia, el grupo de los *Chlorophanes*, se caracterizan por tener el plumaje de los machos con colores vivos, como el rojo, el naranja y el amarillo, y las hembras con colores más apagados, como el verde y el azul. Los miembros de este grupo son muy comunes en los bosques tropicales de América Central y del Sur.

As in the case of the other two, the authors have not provided a clear conclusion, saying that the results are inconclusive.

A. H. Haines, director of the U.S. Geological Survey, has been selected to chair the National Science Foundation's Panel on the Status of the U.S. Geological Survey. The panel will report to the President's Council on Science and Technology on the future of the U.S. Geological Survey.

En la medida de las posibilidades por parte de "Barrios Nuevos" (Calle 103, No. 197), "Comunidad Juvenil 103" y el IICA, se elaboró un programa piloto de capacitación para jóvenes en temas relacionados con el medio ambiente, dentro de los programas educativos de la institución.
