# Joaquín Allende: Diversos Temas A la Luz de la Fe

Consequently, the results are somewhat inconclusive. However, as we have seen, the evidence does suggest that the relationship between the two variables is not as strong as one might expect. This suggests that the relationship between the two variables is not as strong as one might expect. This suggests that the relationship between the two variables is not as strong as one might expect.

and 1900 established before 1910  
representing the Chilean government  
at Pan American conferences.  
In addition the government has  
granted the funds, time, attention, and  
the Spanish-speaking law students from  
the most advanced countries throughout  
the Americas ample opportunity to  
be acquainted with the proceedings of the  
various sessions of the International  
Court, as appears in numerous con-  
tributions from leading law experts, the
