psychotic or semi-psychotic movement. "It is natural that under the general title of insanity there will be shown down below a number of the so-called pathognomies, which are signs of disease, & which are to be distinguished from the symptoms of the disease itself. For example, if a person has a delusion of being followed by devils, we may call it a delusion of the Latin fathers, or we may call it a delusion, etc., etc., etc. — they may designate it as a delusion of Francisco xymon, or of Calisto, or whatever you like to call it; but it is not the name of the disease, — it is only a symptom of the disease." — *Journal of the American Medical Association*, Vol. 1, No. 1, January 1878.

Phát triển kinh tế là mục tiêu hàng đầu của xã hội, là con đường thoát nghèo, để tạo ra một xã hội công bằng, thịnh vượng, văn minh, hạnh phúc cho nhân dân.
