Miss Gabriela Mistral
c/o Consulate of Chile
Los Angeles
California

Dear Miss Mistral:

I am so sorry to hear that you will not be passing through Boston in the near future. We had hoped to interview you in connection with your present stay in the United States.

Would you be good enough at your convenience to send me answers to the following questions for publication?

What steps are being taken to provide English translations of your work, for a wider audience in the United States?

In connection with your consular duties, what steps can be taken to increase the understanding between Chile and the United States at this time?

Do you have any personal message regarding literature or any other subject which would be of value to the growing number of your admirers?

In appreciation of your attention I am,

Sincerely yours,

Robert K. Shellaby
