Dear Miss Mistral:

Both Mrs. Iversen and I were most appreciative of your kindness in telling us your thoughts and proposals for effective hemisphere interchange. We are enclosing a copy of this week's "Noticias". Our Inter-American Centers in leading cities of this country will be most interested in your suggestion of a limited interchange experiment. We shall be very happy to discuss the inauguration of such an experiment with Dona Carmela Irizaris.

Again please accept our thanks for your kind interest.

Sincerely

Karna Steelquist
