Dear Doris:

I was thrilled when Eddie told me about your idea for a program featuring Gabriella and school children... I still get a glow when I think of that wonderful evening we had with you last Fall. Whenever you want to schedule it let me know. The best time would be on a Thursday evening as we find more of the Spanish people come on their day off... It is great to have something really fine this early in the year. Also it will be so good to see you again Doris...we did enjoy the chance to know you.

Jo lands in Ireland today,....it has been such a blow to us after being best friends for over 30 years to have her want to leave, but the constant shift of population in this area does make people feel that they should make changes. I know that wherever I go I will still have to live with myself!

I do hope that it will be a great experience for Jo... But still kind of hope America draws her back...

Hope that you are having a nice summer...  
Love

*Helen*
