

The first part of the study focuses on the analysis of the data collected from the various sources. This section includes a detailed description of the data collection process, the variables used, and the statistical methods employed to analyze the data.

3. Results and Discussion

The results of the study are presented in this section. The first part of the results section discusses the findings related to the first research objective. The second part discusses the findings related to the second research objective. The third part discusses the findings related to the third research objective. The fourth part discusses the findings related to the fourth research objective. The fifth part discusses the findings related to the fifth research objective. The sixth part discusses the findings related to the sixth research objective. The seventh part discusses the findings related to the seventh research objective. The eighth part discusses the findings related to the eighth research objective. The ninth part discusses the findings related to the ninth research objective. The tenth part discusses the findings related to the tenth research objective.
