

Chapter 11: Direction

Lesson

11/11/2020

11/11/2020

1. The first step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.

2. The second step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.

3. The third step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.

4. The fourth step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.

5. The fifth step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.

6. The sixth step in the process of direction is to determine the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic. This is done by observing the flow of traffic at the intersection and determining the direction of the flow of traffic.
