1990s have been a decade of

economic globalization and

international trade.

 The tenth is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The eleventh is the fact that the

1990s have been a decade of

social change and

human rights.

 The twelfth is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The thirteenth is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The fourteenth is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The fifteenth is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The sixteenth is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The seventeenth is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The eighteenth is the fact that the

1990s have been a decade of

social change and

human rights.

 The nineteenth is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The twentieth is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The twenty-first is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The twenty-second is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The twenty-third is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The twenty-fourth is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The twenty-fifth is the fact that the

1990s have been a decade of

social change and

human rights.

 The twenty-sixth is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The twenty-seventh is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The twenty-eighth is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The twenty-ninth is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The thirtieth is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The thirty-first is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The thirty-second is the fact that the

1990s have been a decade of

social change and

human rights.

 The thirty-third is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The thirty-fourth is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The thirty-fifth is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The thirty-sixth is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The thirty-seventh is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The thirty-eighth is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The thirty-ninth is the fact that the

1990s have been a decade of

social change and

human rights.

 The fortieth is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The forty-first is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The forty-second is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The forty-third is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The forty-fourth is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The forty-fifth is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The forty-sixth is the fact that the

1990s have been a decade of

social change and

human rights.

 The forty-seventh is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The forty-eighth is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The forty-ninth is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The fiftieth is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The fifty-first is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The fifty-second is the fact that the

1990s have been a decade of

environmental concern and

sustainable development.

 The fifty-third is the fact that the

1990s have been a decade of

social change and

human rights.

 The fifty-fourth is the fact that the

1990s have been a decade of

peacekeeping and

conflict resolution.

 The fifty-fifth is the fact that the

1990s have been a decade of

scientific discovery and

technological innovation.

 The fifty-sixth is the fact that the

1990s have been a decade of

artistic expression and

cultural diversity.

 The fifty-seventh is the fact that the

1990s have been a decade of

political reform and

democratic governance.

 The fifty-eighth is the fact that the

1990s have been a decade of

economic globalization and

international trade.

 The fifty-ninth is the fact that the

1990s have been a decade of

THE NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION (DEC) has today announced that it has received a request from the City of New York to allow the city to use DEC's water quality monitoring data to help the city make decisions about the city's water supply. The DEC is currently reviewing the request and will make a decision on whether to approve the request in the near future. The DEC is also currently reviewing the city's request to allow the city to use DEC's water quality monitoring data to help the city make decisions about the city's water supply. The DEC is currently reviewing the request and will make a decision on whether to approve the request in the near future.

1990, pp. 109-110). The authors also note that the "most common" form of the "rule of law" is the "rule of law by the courts" (p. 109). This is the form of the rule of law that is most often cited in the literature on the rule of law. The authors also note that the "rule of law by the courts" is the form of the rule of law that is most often cited in the literature on the rule of law.
