Entre otros aspectos, el estudio concluye que la tasa de mortalidad materna en el primer y segundo trimestre de gestación, comparada con la tasa de mortalidad materna en el tercer trimestre, es menor en la zona de estudio.

These authors indicate that the results indicate that the development of a technology to support education is not a simple matter to implement as it may be anticipated, because there are considerable obstacles. However, with the right resources, strategies, and people, it is possible to have a positive impact on the development of the technology.
